

WASSAND HALL

House and Gardens in East Yorkshire

Primary Schools Outdoor Learning Programme

Booking

Booking for workshops is essential. We recommend a teacher pre-visit, free of charge. This is an opportunity to discuss risk assessments and planning for the workshop. Booking can be arranged by contacting Helen Byass on [01964 537474](tel:01964 537474) or email info@wassand.co.uk

Pricing

Each of the workshops last two hours and the cost is £4.00 per child.
Adults and helpers are free.

Education Room

Our new Education Room opens in spring 2018. This will have interactive resources and provide shelter in the event of wet weather conditions.

Picnics

We have picnic tables or the Education room can be used for lunch, please check availability when booking.

How to find us

The entrance to Wassand Hall is on the A1035, first right after Seaton driving towards Hornsea.

Curriculum Linked workshops 2018

Woodland Adventure Learning

Which birds and plants would Little Red Riding Hood find at Wassand?

Foundation and Key Stage 1
Curriculum links: Science, Literacy and Numeracy.

Step into Little Red Riding Hood's shoes! Children can explore the woodland walks using scientific equipment. They are encouraged to spot differences and similarities between species. Lots of hands on experience in this session. Look out for the wolf!

Environmental Estate Agents

Foundation, Key Stage 1 and 2
Curriculum links: Science, Literacy, Design and Technology.

Why do they live here?
Children can discover examples of different animal homes and nests. Activities include making their own mini bug hotel.

Woodland Explorers

Key Stage 2

Curriculum links: Science, Numeracy and Geography.

Explore the wonder of the woods! Using their senses and scientific equipment, children can learn more about trees and biodiversity of the environment. Activities include measuring and identifying different species

How will global warming affect our environment?

Key Stage 2

Curriculum links: Science and Geography and Literacy.

Children can journey back in time to investigate Jurassic plants and native trees. In groups they investigate different growing conditions and changes that may take place in the future. They can record their findings and report back to the rest of the group.

Stone Age Experience

Key Stage 2

Curriculum Links: History and Geography.

How did Stone Age people live?
What did they eat and how did they cook?

Find out in this session!
Activities include building shelters and making a fire.
