

## New Primary Workshops

### Woodland Story

#### Writing

Foundation, KS1 and KS2

Children walk through the woodland finding objects that will stimulate their imagination and emotions. Communication skills are used to build up their own story before recording.

1.5 hours

### Maths Challenge

KS1 and KS2

How can we find the height and age of a tree? Children can work out using mathematical equipment which trees are safe and which may be felled.

A practical and hands on workshop to show the relevance of Maths outside the classroom.

1.5 hours

### Arboretum Art

Foundation, KS1 and KS2

Artists have always been inspired by nature. In this session children are encouraged to use natural resources to produce an environmental sculpture, sketch or painting.

As with all our courses this can be tailored to different age groups and their needs.

1.5 hours
