

## WASSAND HALL

House and Gardens in East Yorkshire

# Primary Schools Outdoor Learning Programme

### Pricing

A day at Wassand Hall costs £6 per child, Adults are free of charge. We start at 10am and finish at 2:30 with a lunch break in between activities.

### Booking

Booking for workshops is essential. We recommend a teacher pre-visit, free of charge. This is an opportunity to discuss risk assessments and planning for the workshop. Booking can be arranged by emailing Helen Byass [education@wassand.co.uk](mailto:education@wassand.co.uk)

### Education Room

Our new Education Room has interactive resources and provides shelter in the event of wet weather conditions.

### How to find us

The entrance to Wassand Hall is on the A1035, first right after Seaton driving towards Hornsea.

Wassand Hall  
Seaton  
East Yorkshire

## Curriculum Linked workshops

## Woodland Adventure Learning

## Woodland Explorers

### Key Stage 2

Curriculum links: Science and Numeracy.

Explore the wonder of the woods! Using their senses and scientific equipment, children can learn more about trees and biodiversity of the environment. Activities include measuring and identifying different species.

## Which birds and plants would Little Red Riding Hood find at Wassand?

Foundation and Key Stage 1  
Curriculum links: Science and Literacy.

Step into Little Red Riding Hood's shoes! Children can explore the woodland walks using scientific equipment. They are encouraged to spot differences and similarities between species. Lots of hands on experience in this session. Look out for the wolf!

## Environmental Estate Agents

Foundation and Key Stage 1  
Curriculum links: Science and Design and Technology.

Why do they live here?  
Discover examples of different animal homes and nests.  
Activities include making their own mini bug hotel.

## Living things and their habitats

### Key Stage 2

Curriculum links: Science.

Children explore around the grounds at Wassand, they use classification keys to help group, identify and name a variety of living things in the woodland environment.

How might the environment change in the future?

## Stone Age Experience

### Key Stage 2

Curriculum Links: History

How did Stone Age people live?  
What did they eat and how did they cook?

Find out in this session!  
Activities include building shelters, making a fire.

These are only some of the activities on offer, for more details email [education@wassand.co.uk](mailto:education@wassand.co.uk)
